Sub. : Feedback on University Curriculum

Dear Sir,

With reference to the University Curriculum designed for B. A. In the subjects of English, Hindi, Gujarati, Sanskrit and Sociology, the stakeholders' feedback on curriculum designed by the university authorities is as follows.

According to the general assumption of the students, faculty members and alumni of the college, the university syllabi is required to make positive modifications to present day requirements. Following feedbacks are to be considered seriously.

- 1 There should be consistency of similar thought process at the time of forming curriculums of all semesters.
- 2 There should be coherence between syllabus of one paper of one semester and total curriculum.
- 3 Curriculum should be student oriented on the basis of contemporary need of the students.
- 4 The present syllabi are required up gradation to be useful to day-to-day life grooming.
- 5 Along with these, the university syllabi are needed to be improved to make them suitable to raise employability or to fulfil market or industrial demands.
- 6 One more thing noted by all the stakeholders of the college that these main course syllabi must be reshaped to enable students to clear state as well as national level civil service exams and govt. Competitive exams as well.

Please do the needful for the better career prospects of the students keeping this feedback in mind.

Thanking you for cooperation,
